

EKALYA

-2026

ORGANIZED BY:

In association with:

since 2001
COSMOS COLLEGE
OF MANAGEMENT AND TECHNOLOGY
Affiliated to Pokhara University

About Us:

Cosmos College of Management and Technology (CCMT), established in 2001 and affiliated with **Pokhara University**, is one of the leading engineering and management institutions in the Kathmandu Valley. The College is recognized for its strong academic standards, industry-oriented education, and commitment to producing skilled and responsible professionals.

CCMT offers a diverse portfolio of programs including BE Computer Engineering, BE Information Technology, BE Information and Communication, BE Electronics and Communication, BE Civil, Bachelor in Architecture (B.Arch), Bachelor of Business Administration (BBA), and MSc in Structural Engineering.

With a dynamic academic ecosystem of approximately **2,000 students** and **200+ faculty members**, CCMT provides sponsors with access to a large, engaged, and youthful audience. All faculty members possess a minimum of **five years of industry experience**, ensuring practical exposure, innovation-driven learning, and strong industry alignment.

Through its academic excellence, technical expertise, and vibrant student-led initiatives, Cosmos College serves as an ideal platform for brand visibility, recruitment outreach, and long-term industry-academia collaboration.

Facebook

Location

ICT (Information and Communication Technology) Club:

The dynamic hub for Information & Communication Technology students, dedicated to fostering innovation through hackathons, trainings, internships, project collaborations, and tech bootcamps empowering the next generation of digital leaders.

CESS (Civil Engineering Student Society):

The passionate community of Civil Engineering students driving technical excellence, hands-on learning, and collaborative events building tomorrow's infrastructure professionals with skill, creativity, and real-world impact.

SAARA (Student Academic Association of Rising Architects):

The creative force for Architecture students, promoting design excellence through exhibitions, workshops, and visionary projects nurturing rising architects who blend heritage, innovation, and sustainable design.

Event Overview

EKALYA is a premier multidisciplinary annual technical festival that stands as a testament to the powerful synergy between modern technology and core engineering disciplines. Jointly organized by the **Information & Communication Technology Club (ICT)**, the **Student Academic Association of Rising Architects (SAARA)**, and the **Civil Engineering Students' Society (CESS)** of **Cosmos College of Management and Technology**, EKALYA serves as a collaborative platform where innovation meets infrastructure.

Recognized as one of the **flagship technical festivals** of Kathmandu Valley, EKALYA is positioned alongside renowned engineering festivals such as LOCUS (Pulchowk Campus) and Yathartha (Thapathali Campus). The event brings together students, professionals, innovators, and industry leaders under one roof to celebrate creativity, technical excellence, and interdisciplinary collaboration.

EKALYA is an annual event and has been successfully organized for four consecutive years, growing in scale, participation, and impact with each edition. The festival features a diverse range of technical competitions, workshops, exhibitions, innovation showcases, panel discussions, and cultural programs, attracting enthusiastic participation from engineering and management students across Nepal.

By fostering collaboration across ICT, Civil Engineering, Architecture, and Management, EKALYA creates a unique ecosystem that nurtures problem-solving, leadership, and real-world application of knowledge making it an ideal platform for sponsors seeking strong brand visibility, youth engagement, and industry-academia collaboration.

The core **purpose** of EKALYA is to foster a cross-disciplinary environment where students can apply theoretical knowledge to real-world technical challenges.

1. **Interdisciplinary Collaboration** : To break silos between ICT, Architecture , and Civil Engineering Through Joint Competitions
2. **Skill Amplification**: To provide a platform for students to showcase technical prowess, design thinking, and structural problem-solving.
3. **Industry Integration** : To bridge the gap between academic learning and industry standards by hosting workshops led by professionals.
4. **Cultural Exchange** : To celebrate the fusion of heritage (represented by our pagoda architecture) and futuristic technology.

Event Logistics

Venue: Cosmos College of Management & Technology, Sitapaila , Kathmandu

Date: 12th, 13th and 14th February, 2026

Past Exhibition Highlights

Past Exhibition Highlights

Cosmos Fest - 2025

Past Exhibition Highlights

Organized by the ICT Club, Quiz Mania is a battle of wits designed to test the depth and breadth of technical knowledge.

Participants are tasked with building innovative software solutions to real-world challenges in a race against time

This event showcases technical excellence in full-stack development, UI/UX design, and algorithmic efficiency, proving that with the right code, any problem can be solved

Information & Communication Technology

Past Exhibition Highlights

Civil engineering students presenting a bridge structure demonstration at a fest.

Students demonstrate their structural models on a shake table, simulating earthquake forces to analyze performance and resilience

A student from the Civil Department organizing Quiz Mania at the COSMOS fest.

Civil Engineeeing Student's Society

Past Exhibition Highlights

An intricate scale model of a traditional temple, designed and executed by SAARA students.

A display of student-led innovations in smart urban planning.

A scale model showcase of modular, cottage-style housing.

**STUDENT ACADEMIC ASSOCIATION OF RISING
ARCHITECTS**

Letter For Sponsorship

Sponsorship Benefits

Why EKALYA?

EKALYA is more than a festival. It is a movement at a critical moment in Nepal's development, where technology must meet tradition. Your support empowers students from ICT, Architecture, and Civil Engineering to research, design, and prototype real-world solutions ranging from disaster-resilient infrastructure to smart-village models that address national challenges and contribute to sustainable development over the next decade.

Highlighted Main Events

EKALYA brings together over **4,500 participants** across three disciplines, offering unmatched engagement opportunities for sponsors.

The **ICT & Technology segment** (organized by ICT Club) expects over 2,000 participants, featuring the National Hackathon, Project Demonstrations, and Aqua Robo Soccer (first time in Nepal), along with 8 sub-events.

The **Architecture segment** (organized by SAARA) draws over 1,000 participants, with three main events including Architectural Modelling Competition and Journal Launch, plus 10 sub-events.

The **Civil Engineering segment** (organized by CESS) attracts over 1,500 participants, hosting three main events such as AutoCAD Competition and Project Demonstrations, alongside 9 sub-events.

Together, these events offer sponsors wide visibility, high engagement, and a chance to connect with the next generation of innovators, creators, and professionals.

We offer a range of sponsorship packages, including opportunities for prominent brand placement during the event ensuring lasting engagement beyond the festival itself. Through this collaboration, your organization will be recognized as a key enabler of innovation, education, and nation building.

We would be honored to partner with you and would welcome the opportunity to discuss the sponsorship options in detail. Your support would be invaluable in bringing this event and publication to life.

Thank you for considering our request. We look forward to the possibility of collaborating with you.

Enhanced Brand Visibility:

Gain Prominent exposure to a targeted audience of enthusiasts, professionals, and students.

Positive Brand Association:

Align your brand with innovation, creativity, and the advancement of education

Community Impact:

Demonstrating your commitment to the next generation of Nepali innovators and the preservation of our architectural heritage.

Networking Opportunities:

Build valuable relationships with industry leaders, academics, and future architects.

Direct Audience Engagement:

Connect with a niche group passionate about design, offering potential customer and partnership opportunities.

Sponsorship Packages

Features	Title	Co-Title	Platinum (Event)
Fest Naming Rights	Presents	Powered by	In association with
Sponsorship Amount	TBD through mutual agreement	2,00,000	1,00,000
Category Exclusive	Yes	Yes	No

EKALYA Exhibition Ground Plan

Sponsorship Features

1. Fest Naming Rights

The sponsor's brand name will be integrated with the fest title, ensuring maximum visibility and top-level brand association across all platforms, creatives, and communications.

2. Powered By / In Association With

The sponsor's logo and name will be featured as a supporting brand, displayed prominently on all official posters, banners, digital posts, and announcements.

3. Category Exclusivity

The sponsor will be the sole brand from their category associated with the fest, preventing competitor brands from gaining visibility during the event.

4. Logo on All Creatives

The sponsor's logo will be displayed on all promotional materials including posters, standees, social media posts, certificates, and digital advertisements.

5. Main Stage LED Branding

The sponsor's brand will be showcased on the main stage LED screens throughout the event, ensuring repeated exposure to a large live audience.

6. Side Stage / Backdrop Branding

Brand logos and banners will be placed on side stages, photo booths, or backdrops, providing continuous visibility during performances and photography.

7. Host Mentions

The event hosts will verbally acknowledge the sponsor during opening, closing, and interval announcements, reinforcing brand recall among attendees.

8. Brand Video / Slide Display

A short promotional video or branded slide provided by the sponsor will be displayed on stage screens at scheduled intervals during the event.

9. Digital Promotions

The sponsor will receive brand visibility through official social media promotions, including posts, stories, and online announcements before and during the fest.

Sponsorship Features

10. Instagram Reels & Stories

Sponsored Instagram reels and stories will be posted from the official fest account, tagging the sponsor to enhance online reach and engagement.

11. Reels Branding

The sponsor's logo, brand name, or tagline will be embedded within Instagram Reels content (intro/outro or watermark), ensuring strong brand recall and extended digital reach beyond the event days.

12. Brand Activation Zone/ Free Stall

A dedicated space will be provided where the sponsor can interact directly with attendees through stalls, demos, games, or experiential marketing activities.

13. Sampling / Giveaways

The sponsor may distribute product samples, coupons, or merchandise to attendees, helping create direct product experience and recall.

14. Sponsor Appreciation Post

A dedicated or grouped appreciation post will be shared on social media to publicly acknowledge the sponsor's support.

Programs Organized By ICT Club

Main Events	1. 36-Hour National Hackathon: 2. Robo wars 3. Aqua Robo Soccer (First Time in Nepal)
Sub Events	1. Capture the Flag 2. E-Sports Championships (PUBG, Free Fire, MLBB, FIFA) 3. Prompt Engineering for AI Image Generation 4. Project Demonstration (Tech & Innovation) 5. Typing Speed Competition 6. RC Plane & Drone Demonstration 7. Stargazing Using Telescope 8. Tech Talk
Expected Participatants	Over 2000 participants

Programs Organized By SAARA

Event	1. Architectural Modelling Competition 2. Architectural Exhibition 3. Journal launch
Sub Events	1. Thesis and Student Project Demonstration 2. Heritage Walk 3. Panel Discussion & Guest Lectures 4. Sketch Competition 5. Architectural Modelling Competition 6. Pottery Workshop 7. Themed Classroom Design 8. Interactive Architecture Games 9. Awards & Recognition Ceremony 10. Debate 11. Face Paint
Expected Participatants	Over 1000 participants

Programs Organized By CESS

Event	1. Civil Engineering Project Demonstration 2. AutoCAD Competition 3. Bidding War
Sub Events	1. Paper Bridge Competition: 2. Survey Competition 3. Shake Table Demonstration 4. Earthquake Drilling Demonstration 5. Math Race 6. Poetry Competition 7. Civil Talk / Expert Session 8. Riddle 9. Quiz
Expected Participatants	Over 1500 participants

Expected Visitors

Over 3000 Students from different +2 colleges and insitutes from the valley and 3500 students from Cosmos College.

TERMS AND CONDITION

1. This Agreement is signed based on complete acknowledgment and understanding of the sponsoring party.
2. Sponsored finance can be provided in cash, cheque, or via digital transaction.
3. The donor will not possess any right to postpone the schedule of the event. Suppose the Host or we determine to postpone or hold the Event on a different date than that specified in the Sponsorship Prospectus. In that case, the donor will be notified about the update and should agree with the decision.
4. Nothing in this Agreement constitutes a transfer of any Intellectual Property of a party to the other party. The rights conferred on each party to use the Intellectual Property of the other party rest in a contract only.
5. The amount that has been mentioned hereunder, once signed, cannot be changed, and the donor shall pay by the dates mentioned.
6. The Sponsored fund will not be returned once payment is done.
7. This Agreement between the Client and the Club will be continued until the completion of the event.
8. Sponsored Amount should be paid to Club within 5 days after the contract is made.

Note: Any failure to comply with the terms and conditions of this Agreement shall result in legal consequences in accordance with the Muluki Civil Code, 2074 (2017 A.D.) of Nepal, and other applicable laws in force.
